

NUMBER 61

OUR SCHOOL IS OPEN DAY AND NIGHT, and students can enter at any time.
WE EXTEND A CORDIAL INVITATION to all who are interested in practical education.

CURNICK & RANK, Principal

dec. 26, 1

FRIDAY, JULY 31, 1885.

Democratic Ticket.

FOR STATE TREASURER,
JAMES W. TATE,
OF FRANKLIN COUNTY.FOR REPRESENTATIVE
FRANK B. RICHARDSON,
OF PEMBERTON.

Vote for Tate for State Treasurer.

Vote for Richardson for Representative.

Vote for calling a Constitutional Convention.

The Democratic State Convention, of Virginia, nominated Gen. Fitzhugh Lee, Wednesday, for Governor.

Sir Moses Montefiore, the Hebrew philanthropist, who celebrated his 100th birthday, in London last October, died on the 28th inst.

The Cherokee Nation has declared that it will never dispose of any of the land set apart for its use by the Government.

Gen. Grant's remains will be buried in Riverside Park, New York City, and already there is talk of erecting a monument to his memory.

The Republicans are circulating the report that Richardson is off the track. They will find out differently Monday evening.

Democrats, your party expects you to do your whole duty Monday. Let there be no stay-at-homes, and victory is certain.

Maxwell, the Englishman, who murdered Preller at St. Louis, is now on his way back in charge of officers to stand his trial.

How is it that the white Republicans fill all the offices when they have only 900 voters and the colored Republicans have 2,875 voters in the county? Perhaps some intelligent colored voter can explain it.

Richardson is "running like a scared dog" in the north, is making fearful inroads into the colored vote in the south and is going to poll the party strength everywhere. Put forth every effort, Democrats, and our county will be redeemed.

Memorial services will be held in Westminster Abbey, London, on the afternoon of August 4, in memory of Gen. Grant. The Episcopal service will be read by the Dean of Westminster, and an address will be delivered by Canon Farrar.

The Republican candidate is trembling in his boots. Defeat stares him in the face. The people let him know two years ago that his service were not wanted and they are going to emphasize it next Monday. Rally Democrats and strike the first blow in the conflict of 1886.

In 1883 Breathitt received in Hopkinsville 932 votes and Brasher 362. Democrats of Hopkinsville District you are called upon to cut down that majority of 670 votes. If Democrats who voted for Mr. Breathitt will support their own nominee these figures will be greatly reduced and without a heavy vote in the city Mr. Breathitt cannot be elected. Cut down this majority and victory is ours.

It is no longer doubted that the Mahdi is dead. A special agent of the late insurgent, who has often been sent on confidential missions to the Egyptian Government, has arrived at Cairo, and has fully confirmed the report that El Mahdi died of disease on June 22. The agent says, however, that the warfare will be carried on as vigorously as ever, and will reach Upper Egypt by the end of this year.

Owing to the death of his sister, Mr. Richardson will not be able to prosecute his canvass this week, but the race is being pushed ahead for him by his friends. He is a young man of excellent capacity and has made a gallant fight against great odds and at the close of the canvass has, we believe, more than an equal chance for success. If there are no stay-at-home Democrats he will be elected. Mark that.

Why was it that Beverley Kelly, col., was elected coroner in 1882 by only 34 votes? Because he was a colored man. Why was he not defeated like Wyatt Watt? Simply because the white Republicans in the northern districts thought he was a white man and voted for him till dinner, not knowing he was a "nigger"? It is a fact that numbers of them tried to have their votes changed when they found it out. Then why should Kelly or his friends vote for the white Republicans?

Colored voters, in 1882 Maj. Breathitt was elected County Clerk by 694 majority, and Mr. Brown was elected Sheriff by 760 votes, while Wyatt Watt, col., was defeated by 570 votes for jailer. Why was this? It was because Watt was a colored man and the white Republicans would not vote for him, although he was a good Republican. Now why should colored Republicans lick the hand that smote their representative? Are colored men to be driven to the polls by "town bosses" and voted for men who refuse to give them a share of the offices, or do they propose to think and act for themselves in the future?

Cholera in Spain.

MADRID, July 26.—The total number of deaths from cholera up to date amounts to 25,000. Only fourteen of the provinces of Spain are free from the scourge, which during the past week invaded eight new provinces.

LONDON, July 26.—Swarms of refugees from the cholera-infected districts of Spain are said to be crossing the Pyrenees into France. The French authorities are doing all they can to check the tide by rigidly enforcing the quarantine, but are dismayed by the great numbers of the refugees.

MADRID, July 27.—The cholera in Spain has spread to the province of Logrono, where several cases have occurred. Troops stationed in the city of Saragossa, in which place the cholera is almost epidemic, have been supplied with guitars, which they play incessantly, for the purpose of keeping their spirits from sinking, and thus render them less liable from an attack of the disease. The sound of tinkling guitars is heard issuing from the garrisons and barracks throughout the city day and night.

MADRID, July 27.—Returns from all but five of the cholera infected districts in Spain place the number of new cases of the disease yesterday at 2,542, and deaths 919. The contagion is spread to the province of Logrono, where several cases have already occurred. The troops stationed in the city of Saragossa, where the disease is now raging, have been supplied with guitars to keep up their spirits. The music of these instruments can be heard day and night.

JULY, 28.—The United States Consul at Barcelona reports that there have been since the first appearance of the disease March the 4, 28,044 cases and 12,347 deaths from cholera in Spain. This is a startling mortality, nearly half of the cases resulting fatally.

MADRID, July 29.—Cholera has broken out on the French frontier. One-fourth of the inhabitants of Montegudo, in Soria, died of cholera during the past ten days. The survivors fled with the exception of one gentleman, who remained to bury the bodies of the victims.

The credits voted for the work of combatting the cholera throughout Spain are exhausted, and the Government will at once convene a state council and demand further cholera credits.

ROME, July 29.—The Provincial Italian Liberal Association are organizing volunteer corps to go to Spain and assist the people in the cholera stricken regions. The movement is spreading and becoming important and donations are flowing in from all parts of Spain.

MADRID, July 29.—Scattering reports gathered for Monday last show that during that day there were 216 new cases of cholera and 72 deaths from cholera in the city of Saragossa, and 731 new cases and 273 deaths in the province of Saragossa outside the city; in the city of Grenada, 62 new cases and 27 deaths; in the province of Grenada, 50 new cases and 47 deaths; in the city of Salamanca, 9 new cases and 14 deaths, in Ciudad Real 1 death; in the province of Toledo 303 new cases and 119 deaths; in the province of Alicante, 219 new cases and 105 deaths; in the province of Soria, 13 new cases and 12 deaths; in the province of Jean, 95 new cases and 51 deaths. In the city of Madrid the number of cases is increasing.

The Board of Equalization.

The State Board of Equalization adjourned last week having completed its work in 44 days. The following changes were made in the valuation of lands in the Second District:

Christian, reduced from \$18 to \$14.50 per acre, assessed value \$9.79; Daviess increased to \$18, but as the assessed value is fixed by the State law at 64% of the cash value, the present assessed value of \$12.11 was thereby reduced 4%; Hancock was put at \$11, a reduction of 10% on the assessed value, \$7.84; Hopkins at \$8.50, an increase of 25% on assessed value of \$4.33; McLean at \$9, a reduction of 11% on assessed value, \$6.47; Union at \$18, a reduction of 24% on assessed value, \$15.15; Webster at \$9, an increase of 3% on assessed value, \$5.62.

In the adjoining county of Trigg the value was raised from \$4.88 to \$8.50, an increase of 12%. In Todd the value was put at \$14 instead of \$8.35, an increase of 10%.

The total value of property in the State is \$390,827,903, an increase of about \$15,000,000 over last year.

When John Brown first entered the service of Prince Albert, the little princesses hearing their father address him as "Brown," used the same form in speaking to him. The Queen corrected them, and they all addressed him as "Mr. Brown," excepting the Princess Louise, who imperious even in childhood, persisted in her right to use the name as her father did. One morning the Queen heard her, and informed her if she addressed Mr. Brown without a hand to his name she would be sent to bed. The next morning when he presented himself in the royal apartments, where the family assembled, the little miss said flippantly: "Good morning, Brown!" Then as she saw the eyes of her queen-mother fixed upon her, she rose a courtesy, and continued: "And good-night, Brown, for I am going to bed." And she walked resolutely away to her punishment.

A scandal was created last Wednesday, at Memphis by the discovery of the widow of a former bank cashier living with a negro man. The excitement was so great that the negro man vanished. The woman had considerable means left her, and had three children which were taken from her.

GENERAL NOTES.

The Governor of Massachusetts receives a salary of \$5,000 a year and the Mayor of Boston \$10,000.

Disastrous floods are reported from Colorado. Bridges and houses have been swept away and several persons drowned.

The coffin for Gen. Grant was manufactured by the Stein Manufacturing Co., of Rochester and was completed last Sunday. The public was allowed to view it before it was shipped, and it is estimated that 15,000 people looked upon it. The scene was at times very touching. The eyes of many soldiers were dimmed with tears as they saw the coffin which was to contain the remains of their old commander. The coffin is known to the trade as the "Style E. State casket, cloth covered metallic." It is six feet long, banded with solid silver frames and portals. The metallic part, which is inside the red cedar covered shell, is of highly polished copper one-eighth of an inch thick. The top is of French plate beveled glass, opened full length. The inside of the coffin is lined with light cream satin, beautifully tufted with an elegant pillow, on which in raised letters on an embroidered ribbon, are the initials "U. S. G." The handles are of solid silver, specially designed for the coffin. The outside box is of imported cedar, highly polished and decorated with handsome mountings, and is lined heavily with lead. The cedar portion is covered with deep purple plush. The coffin is perfectly air tight and practically indestructible.

An attempt was made on the night of the 29th to rob the American express car attached to the Chicago train on the Omaha road, which left Minneapolis at noon Friday in charge of Major Pierce, the messenger. At Black River Falls a large black box was loaded on board. In some way Pierce was led to suspect that the box contained human freight. He piled boxes and bundles upon it, and telegraphed to Elroy for a posse. At that place six men boarded the car and proceeded to smash the box with an ax. At the second blow an opening was made, through which a man's knee appeared. A loaded revolver was thrust in and the question asked: "Are you armed?" There was no answer, and the question was repeated, with a threat to shoot. At this a sudden "yes" was the response. "Hand out your weapons," was demanded, and two revolvers were passed out the slit. The box was then broken open and a man released, attired only in his underclothes. He was apparently thirty-eight years old, and had a sandy mustache. He was escorted to the lockup and chained to the wall. Subsequently developments showed that the box came from Eu Clare on Wednesday to Black River Falls, where it was called for by the man so cleverly captured. The box was taken to his room at the hotel. Shortly before the train arrived he told the hotel people to put his box on the train. He then went to his room, undressed, and got in the box and fastened the lid. He had also with him besides the revolver, a bill, a bottle of acid and a bottle of chloroform. Two supposed confederates were also arrested on the train.

HOWELL, KY.

July 29th, 1885.

ED. SOUTH KENTUCKIAN: On next Sunday Rev. H. F. Perry, assisted by Rev. G. W. Eichleberger, a well-known evangelist, will begin a series of meetings at Sharon church, Bennettsburg. Rev. Eichleberger, who will do most of the preaching, is said to be a very effective speaker and his sermons will doubtless be productive of much good in this vicinity.

With an apology for the sudden change from religious to secular matters, Camille would report a well conducted barbecue and brandance given at Jordan Springs on Saturday the 25th. On the occasion, a very nice crowd was present who did ample justice to a well prepared dinner as well as trip the "light fantastic" and most persistently chew gum.

To-night, an elegant moonlight picnic will be given at the residence of Mr. C. W. Brame, in honor of the visit of Misses Holt from "Kentucky Purchase" and Ida McKinney, of Roaring Springs, Kentucky. A number of invitations have been issued and the occasion promises to be one of rare enjoyment.

Your reporter desires to express many thanks for a kind invitation and much regrets his inability to attend.

An next Monday, August 3rd, Miss Nora Dixon will open the "Fall term of her school at the Garrettsburg Academy. Miss Dixon is a very competent teacher and Camille bespeaks for her a liberal patronage. As Mr. Jas. B. Radford was, one day last week, going from his home to Howell, he had the misfortune to lose his pocket book containing twenty dollars. Diligent search was instituted but the missing purse was not found and Mr. Radford thinks it was picked up by a negro boy who passed down the road soon after himself.

On last Saturday two belligerent darkies in Garrettsburg, became engaged in a fist fight and one, Warren Vandye, was severely bruised about the face and body. These fights, usually consequent upon an indulgence in too liberal draughts of spirits are unmitigated nuisances and the iron hand of law should be laid heavily upon such offenders. Let the majesty of the law be vindicated and these petty quarrels suppressed.

The protracted spell of dry weather

is proving very injurious to vegetation in this community. Corn is beginning to burn, the pastures to dry up and indeed all the growing crops will be greatly curtailed unless a rain shall fall in the next few days. Misses Lelia Miller, Lullie Northington and Lula Tuck, of Lafayette, are now visiting Miss Mary Fox. Misses Rebecca Adams and Norman Coleman are spending the week with the family of Mr. J. R. Caudle, near Newstead.

Miss Katie Griffy, after a two week's visit to friends in Clarksville, returned home on last Saturday. Mr. J. M. Miller, of the firm of Gardner & Miller, Howell, accompanied by his family, recently returned from a ten days' visit to relations in Calloway Co., Ky.

Young Edwards, Esq., of Slater, Mo., accompanied by his little sister, "Georgia," not long since paid a visit to friends in this and Lafayette vicinities. Young was raised in Lafayette, having moved with his father to Missouri a few years ago, and has a host of friends in this section, who welcome his return.

Mr. W. Garland Thornbury, formerly a resident of this vicinity but now of New Haven, Ky., is visiting with his sister Mrs. J. M. Anderson. Many friends here are glad to see Garland again in their midst. On last Sunday your correspondent had the pleasure of entertaining Messrs. S. J. Hodgson and W. W. Barksdale, editor of the Tobacco Leaf, of Clarksville.

Though the weather is a tabooed subject on which nothing can be said, yet that of the last few days has been so intensely hot as to forcibly suggest thoughts of that state which is said to be reserved for the sinner and your reporter has during this week made a most complete failure in his every attempt to get cool. The man who sings "There's a land that is hotter than this" will be mobbed if he shows himself in this neighborhood.

CAMILLE.

MARRIED.

HAYES-BUCKLEY: At the residence of the bride's mother in this county, July 26th 1885, by the Rev. Malone, Mr. Jas. Hayes to Miss Bernette Buckley. Attendants: Mr. Ed Morris, and Miss Montie Buckley; Mr. Arthur Buckley and Miss Alice Wilkins. Immediately after the ceremony the party repaired to the home of the bride groom where a bounteous repast was spread and they partook of it freely. May their lives be as bright as the day on which they were united.

P. M. M.

BINDING-SMITH: At the residence of the bride's father, Mr. J. W. I. Smith, by Rev. E. W. Bottomley, Monday evening, July 27, Mr. Richard Binding, of Minneapolis, Kansas, to Miss Ida Smith.

The groom is a prominent and wealthy citizen of the flourishing town of Minneapolis and is a gentleman of affable manners and pleasing address. We congratulate him upon his good fortune in winning so charming a bride. Miss Smith is the youngest daughter of the efficient agent of the L. & N. railroad at this point and possesses grace, beauty and amiability. She is a very attractive and lovable young lady and will prove a true helpmate to the husband of her choice. They will leave in a few days for their Western home and will carry with them the best wishes of the SOUTH KENTUCKIAN for a long life of uninterrupted happiness.

BOONE-GARNETT: At the residence of the family near Casky, on Wednesday evening July 29, Mr. W. W. Boone to Miss Ellen Garnett. Mr. Boone was formerly of Elkton, Ky., but is now a rising young lawyer of San Antonio, Tex. Miss Garnett is a sister of Mr. Walter F. Garnett, of this city, and is a most accomplished and attractive young lady, who is well known in the social circles of Hopkinsville.

The bridal couple will leave for their home in Texas in a few days bearing with them the best wishes of a large circle of friends.

The SOUTH KENTUCKIAN heartily congratulates them upon the consummation of their hopes of happiness.

RANSOM-DILLIAN: At the residence of the bride's father, near Crofton, on the 30th inst., Mr. S. A. Ransom to Miss Belle Dillian.

The young people made an unsuccessful attempt to elope to Clarksville last Monday but were prevented by the young lady's father, Mr. Jesse Dillian, who overtook them and carried his daughter back home from this city. A day or two later he relented and withdrew his opposition and the wedding took place at home last night.

—The largest deposits of salt on the Pacific coast are found in Nevada, according to the Scientific American. The most remarkable of these deposits is that on the Rio Virgen, a few miles north of the Colorado River, in the southern corner of the State. A formation occurs at this point consisting of rock salt, resting on, and to some extent intermixed with, a sedimentary granite, and of such magnitude that it may be said to constitute a notable portion of the mountain itself.

with no cloud to obscure the horizon
of her future. For several days she
had been dangerously sick and last
Wednesday death claimed her for a
victim. To the bereaved young hus-
band and afflicted relatives we tender
our sincerest sympathies and deepest
condolence.

We understand that the young peo-
ple of South Christian have decided to
omit inviting to their brandances
any young man who goes to such
places filled up with liquor. Those
who are fond of their toddlers will be
expected to enjoy them elsewhere
than in the presence of ladies.

HERE AND THERE.

Howe's sun time is the city standard.
Quarterly court is in session this
week.

Maj. Ferrell's residence, on Main
St., is being re-painted.

The thermometer has been ranging
from 100 to 103 degrees for several
days.

The Methodist social will meet at
Judge Joe McCarroll's next Monday
night.

Mr. J. M. Tandy made an assign-
ment a few days ago to Judge H. R.
Littell.

Metcalf, Graham & Co. are selling
the J. I. Case plows and Old Hickory
wagons at cost.

Mr. Robt. Rossington has sold his
residence on South Main street to
Mrs. C. F. Arnold.

Messrs. C. H. Dush and A. H. Clark
discussed politics at the barbecue at
Pee Dee the other day.

The new iron fence has been built
on the south side of the court house,
as recently ordered by the county
court.

The match game of base ball be-
tween the single men and the mar-
ried men was won by the married
men's club.

The finest watch repairing in the
city is done at Howe's.

Bring your job work to the KEN-
TUCKIAN office and don't send away
to foreign dealers when you can do as
well at home.

See notice of Fair Association in
this issue, to let to the lowest bidder
the right to sell refreshments, etc., at
the grounds.

The Wallace residence, on South
Main, in which Mr. H. W. Tibbs
lives, has been re-painted and other-
wise improved.

Those wishing the Sunday issues
of the Daily Courier-Journal, St.
Louis Globe-Democrat or Missouri
Republican can find them on sale at
Wilson & Galbreath's.

The Sinking Fork bridge, near
McGehee's Store, is in a very unsafe
condition and requires the immediate
attention of those whose duty it is to
look after it and keep it in good con-
dition.

A moonlight picnic and dance was
given at the residence of Mr. Emmett
Caudle, near Bennettsburg, Tuesday
night. A number of young people
attended from the city, and from re-
ports the affair was a very enjoyable
one.

Mr. Jno. Tunks, a carpenter, while
at work on the Main St. buildings
last Tuesday, fell from the third tier
of joists to the second, and sustained
several bad bruises. He is now con-
fined to his room but hopes to be
able to be at his post soon.

An excursion train will be run from
this city to Henderson, Aug. 6th, for
the benefit of those who want to at-
tend the celebration of the completion
of the Henderson Bridge. The fare
will only be one cent per mile for the
trip. Tickets will be sold at all stations
between Nashville and Henderson.

The emigrant fare from Baltimore
to Hopkinsville has been reduced
from \$15.20 to \$8.45, to the same
amount as from New York or Phila-
delphia to here, on July 22. Tickets
can be had here with the Local
Agency, the Lutheran Mission.

Mr. Karl Hummel, of Dresden,
Saxony, is living on Mechanic street
and has found work with Mr. Forbes.
He brought along some of his own
architect drafts of dwelling
houses he had built in Dresden. He
is not only a thoroughly experienced
carpenter by trade but also a skillful
architect and draughtsman by school
ing.

The clerks of the election will con-
fer a favor upon us by sending us a
statement of the vote as soon after the
close of the polls as possible. We
want an official report from every
voting place, either by telegraph, mail
or messenger. If it cannot be sent
Monday night send it Tuesday.

Everything is running smoothly in
the collector's office, and Collector
Wood seems as much at home with
the duties of the office as though he
had filled the position for years instead
of a few short weeks. There have been
no new changes since our last report,
and probably will be none before the
first of September next, at which
time there will doubtless be a whole-
sale turning out and ushering in.
A good time is coming boys; wait
a little longer.—Owensboro Messenger.

Last Tuesday evening a loose mule
on the street, which seemed to be
suffering either from a bad case of
dysentery or colic, ran into Messrs. Hopper
& Son's drug store on Main St. An
attempt was made to drive him out
but the mule commenced kicking and
was with difficulty ejected.
The mule also attempted to go in other
stores but was only prevented by
rough treatment. The animal was
found dead Wednesday morning in
front of Mr. E. M. Flack's residence,
which goes to prove it was suffering
from some serious ailment.

A petition is being circulated
among the business men of the city
asking for the repeal of the City Or-
dinance preventing bicycle riding on
the streets. The Ordinance was
passed about three years ago, at
which time several runaways were
caused from bicycles. If an attempt
is made to legislate against every-
thing that will frighten horses, there
are a great many things that will
come under this head that are of less
interest to the traveling public than
the bicycle. A club is being organ-
ized in the city and we see no good
reason why their use should be pre-
vented on the streets.

CERULEAN SPRINGS.

A Jolly Crowd—How the Guests
Kill Time—Moot Courts, Etc.

Those at Cerulean this week have
found the Springs at their very best.
About fifty guests are there, the wa-
ter is as good as it ever gets, and the
fare is such as the most fastidious
epicure could not complain of. There
is not an ill-assorted crowd as at
some places, but there are young la-
dies and young gentlemen, and a fair
sprinkling of married people, with
here and there an old bachelor or a
young widow to add zest to the social
features. All seem congenial, con-
tented and happy. The young peo-
ple are attentive to each other, while
make themselves pleasant and agree-
able and all hands seem to be enjoy-
ing life in spite of the oppressively
hot weather.

The time is spent pretty much as it
is at most watering places. Eating,
drinking water, playing social games,
dancing, conversing and sleeping all
help the pleasure seekers to "kill time."

The gentlemen have organized a
flourishing Hunt of the Oriental Order
of Humility, which is daily receiving
new members. This order is one
with a grand and noble purpose and
we are glad to see that it is in so pro-
sperous a condition at Cerulean. Mr.
R. L. Ellison, of Paris, Tenn., is the
Grand Seigneur, and by-the-way he
is one of the most companionable gen-
tlemen we have ever met. His wife
and his charming daughter, Miss Su-
la, are with him at the Springs and
add much to the pleasure of the party
now there.

One of the pastimes the young gen-
tlemen indulge in is whittling "mon-
keys" out of peach seed. This is about
the only "monkey business" we de-
tected while there.

On last Tuesday evening after sup-
per Maj. John Wesley Blankenship,
a member in good standing of the O.
O. H., was tried charged with dis-
turbance and peace and "by loud
and boisterous laughter and con-
versation." The court was convened
with Hon. Jas. B. Garnett, judge;
Hon. Robt. Crenshaw, prosecuting at-
torney; Park A. Heaton, counsel for
the defense and Jno. W. Cooper, sher-
iff. The prisoner forcibly resisted ar-
rest but was finally brought into
court and entered a plea of "not guilty."

The following jury was empaneled:
Mrs. R. L. Ellison, Mrs. Jno. W.
Cooper, Mrs. Jas. T. Coleman, Mrs.
W. A. Wilgus, Mrs. C. F. Jarrett,
Mrs. Carter, Mrs. Russell, Mrs. Raw-
lins.

Mrs. Bacon was the first witness
introduced. She testified that she had
known the prisoner for years and that
she had heard him frequently talking
and laughing so boisterously as to
disturb the peace and quiet of the
guests. Had never known him to be
otherwise than boisterous. Would
know his voice in a thousand.

Miss Pyer stated that she had
known him about two weeks. He is
very boisterous and had disturbed the
peace of the invalids. She had heard
his voice about an octave and a half
above all others.

Mrs. Wrathe said she had known
the prisoner one week. He was the
noisiest man she ever heard. She
hadn't been able to sleep for him. She
thought it was the prisoner's voice as
much as the heat that interfered with
her sleep.

Mrs. Roach testified that she had
known defendant only this summer.
He laughs very loudly when he plays
cards. She had heard other voices
but prisoner's was distinguished
above all others.

Mrs. McComb was next introduced
and testified that she had heard
some of the young ladies laugh louder
than the defendant. In fact he was
quiet compared to others. (A sen-
sation was created at this point by the
prosecuting attorney's charging the
defendant with bribing the witness
with a basket of peaches.) Order
was restored after the sheriff had
been fined \$17.50 for not keeping
order, and the defense introduced its
witnesses.

Miss Campbell said she had known
Maj. Blankenship one year. He was al-
ways quiet and gentle in his manners.
She had never heard him laugh boister-
ously, but had heard others do so.
The defendant hadn't promised to
give her any peaches to testify in his
behalf.

Miss Medley: Have known pris-
oner one week. He is a ladies' man.
Cerulean would be a teetotal family
without him. Know his voice. Don't
think it possible to forget the sweet,
dulcet tones of his voice. Haven't
been promised any peaches by defend-
ant.

Miss Ellison: Have known prisoner
4 or 5 years. I look upon him as a
nice, quiet gentleman. He has never
disturbed me in the slightest. Wit-
ness admitted that she slept very
soundly. Hadn't been bribed by the
promise of peaches.

Miss Bacon: Have known Maj. B.
6 years. He is not noisy and never
disturbs me. I do not regard him as
noisy. Haven't been promised peaches
by him.

Col. R. H. Short was then intro-
duced to prove the age of the defend-
ant, but said he had only been visit-
ing Cerulean for about 50 years and
couldn't guess at the Major's age.
Had known him almost as far back as
he could remember.

The spring could run without him.
The Court was of the opinion that
the spring would not stop running on
account of Maj. B's absence or punish-
ment. After reviewing the testimony
the attorney called upon the jury to
make a fearful example of the defend-
ant in order to protect their own
rights. After being out a few minutes
the jury returned the following ver-
dict:

"We of the jury find the defendant
very guilty and fix his punishment at
7 bottles of ice cold beer for the ben-
efit of the jury and witnesses, that he
be prohibited from appearing in the
ball-room this evening and that he
give bond for \$2.25 for his future good
behavior and say nothing further in
favor of the I. A. & T. railroad."

The trial took place in the front
yard and was the cause of much
merriment and enjoyment. It was
witnessed by the entire company of
guests after which the dancers ad-
joined to the ball room. It is un-
necessary to state that the trial was
simply a joke at the Major's expense.
He is decidedly the most popular man
at the Springs. Full of life, ever ready
to entertain the ladies or enter into
anything that promises fun, he is the
very life of the company there.

Mrs. W. T. Wrathe, of Paris, Tenn.,
and Mr. and Mrs. R. B. Withers, of
Hopkinsville, were among the de-
partures Wednesday. Their places
will not be easy to fill.

Park Heaton, the clerk, is the very
man for the place. He is here, there
and everywhere looking after the com-
fort of the guests, and making himself
useful every hour of the day.

The following prescription was
handed us by Mr. M. Adams, which
if used in time, is a sure cure for
pink-eye: Dissolve one ounce of chlor-
ide of Potash in one-half gallon warm
water and rub the glands of the neck
of the animal affected. Also drench
with the following: Two ounces each
of water of ammonia, oil of turpen-
tine and oil of lar.

Wallace & Co's, circus, which is
doing the small towns, will show at
Lafayette next Monday. The state
press is constantly telling of the
swindling operations of a gang of
bumbo men who are following this
show and those who go to the circus
Monday would do well to leave their
pocket-books at home.

The U. B. S. Lodge No. 1, an or-
ganization of colored people, is in a
very prosperous condition. At the
last meeting 10 new members were
initiated and 12 petitions favorably
received. The receipts of the even-
ing amounted to \$170.25. The meet-
ing nights are the 1st and 3rd Mon-
days in each month. For the present
term Wyatt Watt is President.

After having made a careful esti-
mate of the first twelve miles of the
H. & C. road surveyed from this
place recently to the C. & O. road,
and after having allowed the most
liberal estimates of cost of grading,
masonry, bridge building, trussing
and cross-tieing same ready for iron,
Maj. Robinson places the cost of
same at not exceeding \$4,000 per mile
and states that this cost is fully up to
the average of the entire line. Ac-
cording to estimates recently received
from competent engineers on solid
masonry, bridge work, etc., the above
estimate can be reduced at least
\$500 per mile. Such estimates place
the building of this greatly needed
road within reach of the people, and
we hope to see it built and in op-
eration within the next 18 months.

A negro man living near Colivar,
Tenn., was out plowing in the field
last Wednesday and both he and his
mule were killed by lightning.

An Indian Territory special says:
Indians are stealing and killing cat-
tle belonging to the lessees of the
Cheyenne and Arapahoe reservation,
believing that, owing to the present
state of affairs, but little notice will
be taken of their depredations. Many
cattle men claim that the Govern-
ment will have to interfere to pro-
tect their cattle, pending the settle-
ment of the order of ejectment.
